Pinnacle Survey

Speaking of reviews... There will be a flyer in the mail from Pinnacle, who will be contacting resident families to get an idea of your view of our services, staff and facility. The surveys are conducted quarterly and put us in a national ranking among similar facilities, so they are very important (and we would appreciate your feedback so that we know what you love about us and what could use improvement). The results are sent to Helen after completion for review. Please save their number in your contacts so you will know who they are when they call.

- Thank you in advance!

Then came the July 8 Face Painting party with Kathy from the front office- what a hoot! (Kep had to have "BIG brows" in addition to his fish!) Russell is a long time employee of Highland Court, and one of our MVP's. His care and concern for residents, his gentle way win them, and his team spirit set an example for other care staff to follow. In addition, Russell has twice saved the lives of residents using the Heimlich Maneuver that he learned in his CPR/First Aid Certification Class. Thank you, Russell, for your continuing and consistent hard work and dedication.

WE APPRECIATE YOU!

Resident Spotlight

Burt B.

Before he came to live with us, Burt had a very rich and rewarding life as a master craftsman and carver. Burt created many stunning pieces of furniture purchased by collectors from all over. Burt has also been a generous benefactor for several students needing assistance attending college. He is known for his generous spirit and active participation in the community. You can see some examples of Burt's handiwork in the box to the right.

WE SALUTE YOU, BURT!

He calls it
"GEEZER
WORKS"...

We call it amazing.
