### Sound Dental Care

We're excited to be partnering with Sound Dental Care beginning this month! Sound Dental Care provides dental hygiene services such as teeth cleaning, scaling, fluoride treatments and more to our residents right here in the facility, without them having to be transported to a dentist office. This is especially beneficial to our residents who are wheelchair bound or have difficulty being transported.

Payment options include private dental insurance or private pay, and Medicaid patients are no charge.

If you haven't signed up your loved one yet or would like more information, please feel free to contact us!

### *Want to Join our Family?*

Highland Court is always looking for caring, compassionate, dedicated staff and even volunteers! If you (or someone you know) are interested, please contact us, we may have just the right fit!

Staff is required to be fully vaccinated for Covid. Training is available for care staff.

# Remembering December...

## Highland Family Corner

### In Memoriam

December was a time of celebration with family and friends, crafts and goodies, games and gifts. We also had to say final goodbyes to six of our family members: Joyce, Mike, Marvin, Don, Kep, and Barbara. Our thoughts and prayers are with their families this holiday season.

### Our Talented activity Director!

When we found out Angie is an artist, we asked if she could provide some photos of her work to share with you all. Angie not only paints with acrylic and watercolor, she also does resin casting and resin painting, paint pours, rock paintings and many other forms of crafts.

Thank you, Angie, for sharing your talents with our community!

Angie
